Late Fragment

And did you get what
you wanted from this life, even so?
I did.
And what did you want?
To call myself beloved, to feel myself
beloved on the earth.

Memories From Those Gathered

Dani's Poem - Stepmother
When you first met my father,
There was no way to know,
That over time I'd love you,
As years would come and go.

I never dreamt the closeness,
That I feel, now ... towards you,
Would ever really come to be,
That you'd be kind and true.

And though we've had our trials,
In my life ... you're a part,
Of everything that I hold dear,
You know ... you have my heart.
